## Keeway Blueshark 80 Lite 2022

The Blueshark Keeway 80 Lite the same great performance with a lower price

**£3,699** +OTR

**from £73.71 p/m**

The Blueshark focuses on modern urban commuters who'd like to have a reliable, innovative, green and easily handled electric scooter. A high-speed gear motor and dual automotive grade Lithium ion batteries enable high power and huge range. The Blueshark is powered by a cutting-edge permanent magnet gear motor, with performance that far surpasses that of any typical wheel hub motor. Be prepared for an adrenaline rush when you start your ride! A market-leading range of just under 100 miles when using eco mode also sets the blueshark apart from the competition. Other features include keyless ignition, reverse and moving assistance. With a top speed of 50mph its more than capable of keeping up with city traffic and has enough pace to pull away from the traffic lights ahead of the crowd. The large information display is beautifully integrated, praised overall for its advanced look by the press that is very fitting for an electric scooter, derived from its combination of an iconic exterior design and modern details. The different modes give you the ability to change the balance between power performance and cruising distance, by using its two batteries in parallel or series.
